MY REVIEW - 20240311

/work-orders/work-view

1. Link this page from the work order lists (view button. Applies to (new, ongoing, pending, closed, upcoming)
2. Add file, add labour costs and add other costs links should be font size 15px and not 12px
3. Files section:
   - The last line download button seems truncated. It should be complete like the others.
   - The view file icon link does not work. It should open a popup to allow viewing the file. Also, the files are supposed to be a mix of images, videos and pdf to allow the popup to view all three categories.
   - Download files icon link does not work. Should trigger the relevant file download.
   - Add file popup is static and is missing the relevant interactions.
     a. Uploading a file should upload and show progress as per the design.
     b. It should also be possible to add multiple files
     c. It should be possible to delete a file.
     d. The file size should be limited to 50MB
4. Labour Costs section:
   - Hours and rate per hour columns are missing.
   - Cost column should be called *Total Cost* and not just Cost
   - Add labour cost popup is missing the Hours Worked input field.
   - Edit labour cost popup is missing the Hours Worked input field and popup should come prefilled with data.
5. Other Costs section:
   - Add other cost popup is missing the quantity input field and the Amount field was renamed to *Unit Cost (KES) – Enter unit cost*
   - Edit other cost popup is missing the quantity input field, the popup should come prefilled with data and Amount field was renamed to *Unit Cost (KES)*
6. Activity Tracker Popup
   - The colour used on the person's name is incorrect. It should be D57D2A
   - Make the popup scrollable as the data will be quite a lot. (Should at most 4 records as it is with the rest viewable on scrolling)
7. Actions menu - Confirm work popup: See page 29-7
   - Missing input field to add comments for confirming or rejecting closing of work and the input field title.
   - Missing the reject button
8. Actions menu - Close work popup: Missing the relevant interactions.
   a. Uploading a signature should upload and show progress as per the design.
   b. It should only allow adding of one signature.
   c. It should be possible to delete/ replace the signature.
   d. The file size should be limited to 2MB

/work-orders/work-view/assets

1. The Asset page has a description section on the side like that of the Summary page. It shows projected parts and checklist info. Please include it.
2. The back and next arrows at the top of the page don't have the relevant interactions to cycle through assets that were added to the work order. Please check this against design.
   Note: Similar to what we did with the inspection's module previously, the back arrow should be grey and disabled if the asset is the first one and the next arrow should be grey and disabled if the asset is the last one.
3. Add parts, add checklists and add diagnostics links should be font size 15px and not 12px
4. Parts Information section
   - Projected tab was removed. Only two tabs remain. Used parts and Returned parts.
   - Part name was joined with serial number to form one column under parts for both the used parts tab and the returns parts tab.
   - The location column is missing.
   - Add parts popup, move the *Part Location* field to be the first one as it is used to filter the parts that are shown on the popup.
   - Edit icon for both the used parts and returned parts should have a popup allow editing of the part. See pages 34-2-1-1 and 34-3-1-1
5. Checklist Information section
   - This section was renamed to ASSET CHECKLIST INFORMATION
   - The Checklist table title was also renamed to Filled Asset Checklists
   - The checklists should allow viewing and downloading but not deleting. Confirm with design.
   - Pages 35-1 and 35-2 for viewing the checklists are missing. Confirm with design.

/work-orders/work-view/costings

1. Parts costing section is missing the following columns: *Part No*. and *Unit Cost*. Also, the *Amount* column should be called *Total Cost*.
2. Add parts cost popup title has a typo. *Costss* instead of *Costs*
3. Add parts cost popup is missing the input field *Part Quantity to be Costed*. Confirm with design.
4. Labour costing section is missing the following columns: *Hours*. and *Rate per Hour*.
5. Add labour costs popup has a static always open select box. It should open on click like other select boxes. Also, the search function on the select box does not work.
6. Other costs section is missing the following columns: *Quantity*. and *Unit Cost*. Also, the *Amount* column should be called *Total Cost*.
7. Add other costs popup has a static always open select box. It should open on click like other select boxes. Also, the search function on the select box does not work.

/work-orders/work-view/job-cards

1. Add job card links should be font size 15px and not 12px
2. Job cards section:
   - The last line download button seems truncated. It should be complete like the others.
   - The view file icon link does not work. It should open a popup to allow viewing the file. Also, the files are supposed to be a mix of images and pdf to allow the popup to view the two categories.
   - Download files icon link does not work. Should trigger the relevant file download.
   - Add file popup is static and is missing the relevant interactions.
     a. Uploading a file should upload and show progress as per the design.
     b. It should also be possible to add multiple files
     c. It should be possible to delete a file.
     d. The file size should be limited to 5MB
